In the winter of 1904 I had cough, night sweats, fever and raised quantities of awful looking stuff and later, I had many hemorrhages; at one time, three in three successive days. Milk and eggs became so distasteful I could keep nothing down. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alterative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first I gained strength and weight and specific.
